

DO YOU HAVE WHAT IT TAKES TO BECOME THE NEXT LRI AWARD WINNER?

Are you a promising early-career scientist?
Do you have an innovative idea?

The European Chemical Industry Council (Cefic) in conjunction with SETAC, EUROTOX, ISES and the Chemical Week offers you a **€100.000 award** to support your research in the field of novel use of surrogate data to assess apical endpoints in human health and/or environmental risk assessment.

**Deadline for applications:
17 March 2015**

For terms, conditions and guidelines, go to:
