Hands-On Training for Toxicologists

Focused, Intensive Hands-On Training in Alternative Methods and Technologies for Toxicologists of All Levels of Experience

First Session Begins May 20th: Limited Space, So Apply Now!

CAAT Academy is a joint venture of CAAT US (Johns Hopkins University) and CAAT-Europe (University of Konstanz). CAAT Academy employs experts from Europe and the U.S. to provide hands-on-training in human-relevant alternative methods and technologies for toxicologists of all levels of experience, from operational to PhD.

The benefits of CAAT Academy training include:

- Multi-site sessions across the EU
- 1-2 days of hands-on training with 2-3 suppliers
- Expert speakers involved in development and production of alternative methods
- Technology-agnostic training on multiple platforms
- Exhaustive coverage of modern alternative methods
